

2022 Health Research Conference's COVID-19 Policy

WE-SPARK Health Institute aims to provide an in-person conference experience that has the health and safety of all participants at the centre of our planning. This policy is in place to reduce the risk of transmission of COVID-19. We ask you to read carefully and follow the measures noted below:

- All in-person conference participants are required to wear a mask while attending the conference, including presentations and poster sessions. Masks may be reasonably removed when consuming food or beverages.
- We ask all attendees to take [this self-assessment](#) within 24 hours before attending the conference and follow the provincial guidelines accordingly.
- Anyone with COVID-19 type symptoms is asked NOT to attend the conference in person. Note that virtual attendance for some sessions is available.
- Any speaker that was scheduled to present in person can also be transferred to a virtual talk should the need arise.
